## Wall heater

### Applications

The wall heater line creates heat through a circulation of hot air during winter. They are designed for all types of spaces, big and small, including industrial, loft, warehouses, large retail buildings, etc. Mount between standard stud walls.

Colour: White or almond  
Construction: 18 gauge box.  
Protection against overheating.  
Integrated thermostat included  
Power: 2000 à 4000 Watts.  
Voltage: 208, 240 et 347 volts.

Element: High quality nickel-chrome alloy of high quality to ensure instant heat.

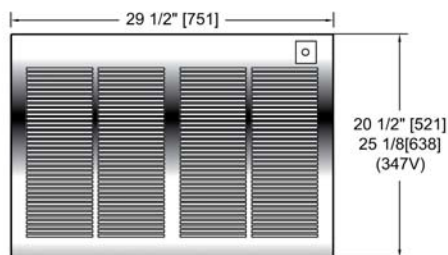

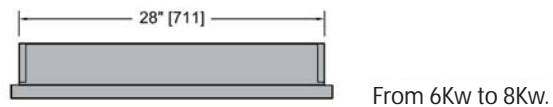

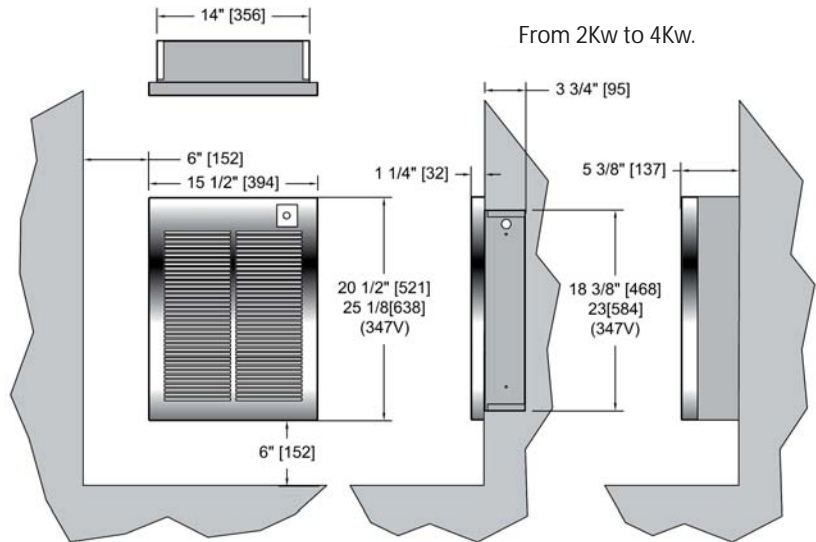

Accessories: surface box.  
Anti-vandalism thermostat.  
Relay 24 volts with transformer.  
1 year warranty.

Controls  
Built-in Thermostat included.  
Relay transformer (-RT) standard on 347v. unit.  
Relay in option (-R)

Watts	Volts	Unit
2000	240	SWB2002T
	208	SWB2008T
	347	SWB2003T
3000	240	SWB3002T
